

Basic Classroom Lecture Capture

Universities are increasingly using live and on demand video to teach their students both on-campus and while away from campus. A high quality, easy-to-use video system is essential for professors to continue to deliver the highest quality learning experience.

Panopto's integrated solutions work with your LMS and bring together leading hardware manufacturers for the highest quality recording. For classrooms that do not currently support A/V, Panopto's integrated solutions are designed to fit in existing space with minimal footprint.

Your Complete Classroom Video Solution

Our technology and integration partners have developed hardware and software that integrates with Panopto. With Panopto as your video management system, here are the key components you'll need to assemble your classroom video solution.

matrox Encoder

The **Matrox MaeveX 6020** is a compact, whisper-quiet device that comes pre-configured to work as a Panopto Remote Recorder out of the box. It enables you to capture presentations, lectures, and more without the need to configure and maintain custom hardware and operating systems.

logitech Camera

With an Ultra-HD imaging system, the **Logitech Rally Camera** delivers premium performance in teaching environments. With Pan/Tilt/Zoom, 15X HD zoom, 90° diagonal field of view and 4K, the Rally Camera captures lectures and classroom presentations with incredible video quality.

Panopto works with a number of industry leading AV partners, including these. See <http://panopto.com/partners> for more.
